

SUPPORTED LEARNING NEWSLETTER

TERM FIVE

Welcome to our fifth newsletter of the academic year.

A message from the SENDCo - Wow! How are we nearly at the end of the academic year? Another term has flown by, and it's been another busy one. Transition is in full swing and Mrs Bingham has started visiting all the new children that will join us in September.

Last Friday I had the pleasure of attending Lords cricket ground in London with the SVS Flow table cricket team because they had qualified for the national finals! Over 1000 schools started this journey and 12 schools had secured a spot at the finals. Having won the regional final a few weeks earlier, the team were keen to go one step further. To see these students represent the school and all that it meant to them was a truly humbling experience. The team performed incredibly well and came joint 5th! A huge achievement and a moment that will stay with me for a very long time.

Our final group of Outdoor Education students for this academic year ventured to the Forest of Dean for their first session. It involved a steep terrain and underground adventure, where we got to see how the students coped with such conditions. Surprisingly all were up for the adventures that awaited them, many showed great resilience and are excited for our next adventure!

The students have been very busy in the garden this term, growing and planting lots of vegetables. They also finished off the living bug hotel with pollinators on top, which the bumble bees are already enjoying. We wanted to thank everyone for all of the donations, the garden wouldn't be possible without you!

Our SV Flow Cricket Team. An unforgettable achievement for all involved. Well done!

During social skills this term, the students have been focusing on appropriate behaviour. They were tasked with drawing a social situation on a story board, then thinking about how they could handle the situation better based upon what they have learnt.

YOU ARE NOT ALONE

Are offering a free service to parents/carers of children with PDA/Autism. They have invited you to join their online zoom workshop on Thursday 28th May 8pm-9pm. They have **100** places on this workshop. To book a place send an email to team@youarenotalone.community to request the Zoom link.

In Maths Intervention, the students in each X5 class were challenged to see who could reach 500 stars on Doodle Maths first. A big well done to Alfie, Eli, Lorelei and Theo who have all achieved over this target. Some great progress is being made by all, keep it up!

As always, please do get in touch via SENDAdmin@severnvalesschool.com if you have a query or question about anything in relation to your child. A member of the team will respond to you at their earliest convenience.

Have a wonderful May break!

Julie Williamson - SENDCo
